

ELECTRIC OIL PUMPS WITH ELECTRONIC PRESSURE SWITCH

600 W - 9 LTR/MIN - 9.5 BAR PUMP

Includes a 220 V - 600 W electric motor with 2 m cable. Recommended for use in small distribution systems with one outlet (delivery hose or hose reel with hose end meter).

561110 220 V - 600 W - 9 ltr/min - 9.5 bar pump

780 W - 13 LTR/MIN - 9.5 BAR PUMP

Includes a 220 V - 780 W electric motor with 2 m cable. Recommended for use in small distribution systems with no simultaneous outlets although several reels in the system can be served.

561210 220 V - 780 W - 13 ltr/min - 9.5 bar pump

780 W - 10 LTR/MIN - 25 BAR PUMP

Includes a 220 V - 780 W electric motor with 2 m cable. Recommended for use in small distribution systems with no simultaneous outlets although several reels in the system can be served.

561310 220 V - 780 W - 10 ltr/min - 25 bar pump

EQUIPPED ELECTRIC OIL PUMPS

PORTABLE ELECTRIC OIL PUMP with HOSE END METER

Electric oil pumps mounted on a bracket with carrying handle and fitted with suction hose for 200 ltr drums or 1000 ltr IBC, delivery hose and hose end meter.

Approximate effective delivery: 5 ltr/min.

562000 Portable electric oil pump with hose end meter

562001 Portable electric oil pump with pressure switch and hose end meter

MOBILE OIL DISPENSER for 200 L DRUMS with ELECTRIC PUMP

Electric oil pumps mounted on a bracket and fitted with suction hose for 200 ltr drums with delivery hose and hose end meter. Approximate effective delivery: 5 ltr/min.

562100 Mobile oil dispenser for 200 ltr drums with electric pump

562101 Portable electric oil pump with pressure switch and hose end meter

ELECTRIC OIL PUMP PACKAGE for 1000 L IBCs

Electric oil pumps mounted on a bracket and fitted with suction hose for 1000 ltr IBC, delivery hose and hose end meter.

562105 Electric pump package for 1000 ltr IBC

562106 Electric pump with pressure switch package for 1000 ltr IBCs

ELECTRIC OIL PUMP AND HOSE REEL PACKAGE

wall mounted hose reel and hose end meter. packages can be used with 200 ltr drums or with 1000 ltr IBC using an adequate adaptor for the suction assembly. Effective delivery approximate 6 ltr/min.

562205 780 W Pump + hose reel + meter package for 200 ltr drum or 1000 ltr IBC

562206 600 W Pump + hose reel + meter package for 200 ltr drum or 1000 ltr IBC

OIL CONTAINERS

STEEL JERRY CANS

Green colour with protective paint on the inside. Jerry cans are not supplied with outlet spout.

622005 5 litre Jerry can
622010 10 litre Jerry can
622020 20 litre Jerry can - U.N. approved
629001 Painted outlet spout for Jerry cans
629002 Zinc plated outlet spout for Jerry cans

ROTARY PUMPS

METAL ROTARY PUMP

Rotary action pump for transfer of light oils, diesel and other non-corrosive fluids. The cast iron body, steel outlet and downtube are ideal for heavy use. Pump has a 3 piece suction tube and 2" bung adaptor for 50 to 205 litre drums. Delivery: 0.3 litres/revolution.

308100 Rotary hand pump

CIM-TEK FILTRATION

WATER AND PARTICLE FILTER FOR DIESEL

Cim-Tek filtration caters for the filtration needs of petroleum, agricultural and hydraulic industries with a complete line of filters for diesel and gasoline.

For particulate and water removal (patented Hydrosorb). See below for filter elements and spin-on heads with 1" BSPF inline ports. Not suitable for aviation fuels or methanol fuels.

669097 Cim-Tek filter head - Pumped
689095 Cim-Tek filter head - Gravity
669099 Cim-Tek filter element - Pumped
689097 Cim-Tek filter element - Gravity

COMPLETE UNITS

669098 Cim-Tek filter head & element - Pumped
689096 Cim-Tek filter head & element - Gravity

Electric Diesel and Oil Pumps

SAMOA

Distributed By:-

DC DIESEL PUMPS

12/24 V DC DIESEL TRANSFER PUMPS - 40 L/MIN

Self priming diesel transfer pumps with 12 or 24 V DC motor. Pump includes by-pass valve, built in filter with easy access for cleaning and carrying handle. Electric motor with IP-55 thermal protection, on/off switch and fuse. Includes 2 m cable with alligator clamps. Inlet/outlet connection: 1" BSP (F) or flange coupling.

684530 Diesel pump - 12V
684531 Diesel pump - 24V

12/24 V DC DIESEL TRANSFER PUMP KITS - 40 L/MIN

12 or 24 V diesel transfer pumps equipped with 4 m x Ø 19 mm delivery hose, aluminium delivery nozzle and 2 m cable with alligator clamps.

684512 Diesel pump kit - 12V
684531 Diesel pump kit - 24V

12/24 V DC DIESEL TRANSFER PUMPS WITH METER - 40 L/MIN

12 or 24 V diesel transfer pumps equipped with a three digit meter for diesel and 2 m cable with alligator clamps. Meter is flanged coupled to the pump and includes a 90° swivelling outlet.

684540 Diesel pump with meter -12V
684541 Diesel pump with meter - 24V

AC DIESEL PUMPS

220 V AC DC DIESEL TRANSFER PUMPS - 50 & 70 L/MIN

Self priming diesel transfer pumps with 220 V AC motor. Pump includes by-pass valve, built in filter with easy access for cleaning. Electric motor with IP-55 thermal protection, on/off switch and fuse. Includes 1.8 m cable. Inlet/outlet connection: 1" BSP (F) or flange coupling.

585720 Diesel pump-220v-370w. 50 ltr/min
585721 Diesel pump-220v-500w. 70 ltr/min

220 V AC DC DIESEL TRANSFER PUMP KITS - 50 & 70 L/MIN

220 V AC diesel transfer pumps equipped with 4 m x delivery hose, aluminium delivery nozzle and 2 m cable.

685741 Diesel pump kit-220v-370w. 50 ltr/min
685771 Diesel pump kit-220v-500w. 70 ltr/min

12/24 V DC DIESEL TRANSFER PUMPS WITH METER - 40 L/MIN

220 V AC diesel transfer pumps equipped with a three digit meter for diesel and 2 m cable. Meter is flanged coupled to the pump and includes a 90° swivelling outlet.

685730 Diesel pump with mtr-220v-370w. 50 ltr/min
685731 Diesel pump with mtr-220v-500w. 70 ltr/min

COMPACT ASSEMBLIES

DIESEL TRANSFER KITS WITH METER

Diesel transfer kits for 200 ltr drums or tanks. Kits include a 220 V diesel pump with 1.8 m cable, 4 m delivery hose with aluminium nozzle and a three digit meter, flange mounted to the pump. Meter valid for non commercial applications only.

685750 Diesel kit with meter 220V-370W. 50 ltr/min
685751 Diesel kit with meter 220V-500W. 70 ltr/min

WALL MOUNTED PUMP KIT

50 or 70 ltr/min pump mounted on a bracket for wall or tank mounting. The unit includes a 220 V diesel pump with on/off switch and 1.8 m cable, wall bracket, 4 m delivery hose, aluminium nozzle and three digit meter, flange mounted to the pump. Fluid inlet connection: 1" BSP (F). Meter valid for non commercial applications only.

685710 Wall mounted pump kit 220V-370W. 50 ltr/min
685713 Wall mounted pump kit 220V-500W. 70 ltr/min
685716 Wall mounted pump kit 220V-500W. 70 ltr/min, includes automatic nozzle

WALL MOUNTED PUMP CABINETS

50 or 70 ltr/min pump mounted on a bracket for wall or tank mounting. The unit includes a 220 V diesel pump with 1.8 m cable, cabinet with nozzle holder with automatic on/off switch, 4 m delivery hose, automatic nozzle and three digit meter, flange mounted to the pump. Meter valid for non commercial applications only.

685712 Wall mtd pump cabinet 220V-370W. 50 ltr/min
685715 Wall mtd pump cabinet 220V-500W. 70 ltr/min

ACCESSORIES

DIESEL METER WITH ANALOGUE REGISTER - 100 LTR/MIN

Nutating-disk meter for diesel with analogical register. Reliable, easy to install and simple to calibrate in the field. Very low pressure drop; it can also be used for gravity fed applications. Resetable partial reading up to 999.9 litres and permanent 6 digits totaliser.

680300 Diesel mtr with analogue register. 1000 ltr/min

DIESEL METER WITH DIGITAL DISPLAY - 60 LTR/MIN

Oval gear meter with digital transfer for diesel, lubricants up to SAE 240 and diesel. Reliable, easy to install and simple to calibrate in the field, Resetable partial reading up to 999.9 litres and permanent 6 digits totaliser.

366725 Volume in-line mtr with digital display. 60 ltr/min

DIESEL METER WITH DIGITAL DISPLAY - 100 LTR/MIN

Oval gear meter with digital transfer for diesel, lubricants up to SAE 240 and diesel. Reliable, easy to install and simple to calibrate in the field. Resetable partial reading up to 999.9 litres and permanent 6 digits totaliser.

366726 Volume in-line mtr with dig display. 100 ltr/min

ACCESSORIES

ALUMINIUM MANUAL NOZZLE

Fluid inlet: 1" BSP (F). Maximum delivery: 100 ltr/min. Includes inlet swivel and lockable trigger.

361000 Aluminium manual nozzle

AUTOMATIC NOZZLE - 45 LTR/MIN

Fluid inlet: 1" BSP (F). Maximum delivery: 45 ltr/min.

688300 Automatic nozzle - 45 ltr/min.

AUTOMATIC NOZZLE - 80 LTR/MIN

Fluid inlet: 1" BSP (F). Maximum delivery: 80 ltr/min. Includes inlet swivel and lockable trigger.

688001 Automatic nozzle - 80 ltr/min.

INLET SWIVEL

For 1" BSP (F) nozzles. Inlet/outlet threads: 1" BSP (FM).

364030 Inlet swivel

SUCTION HOSES

Rubber suction hoses with foot valve. Connection thread 1" BSP (M).

689030 Ø 25 mm x 2 m suction hose
689031 Ø 25 mm x 4 m suction hose

TELESCOPIC SUCTION TUBES

Telescopic suction pumps for connecting directly to the pump inlet. 1" BSP (M) connection, 2" (M) bung adaptor and foot valve with filter.

689035 Telescopic suction tube 1000 mm
689036 Telescopic suction tube 1800 mm
689037 Suction attachment with telescopic tube 1000/1800 mm

ELECTRIC OIL PUMPS

600 W - 9 LTR/MIN - 10 BAR PUMPS

Recommended for use in small distribution system with one outlet (delivery hose or hose reel with hose end meter).

561100 220 V - 600 W - 9 ltr/min - 10 bar pumps
561101 380 V - 600 W - 9 ltr/min - 10 bar pumps

780 W - 13 LTR/MIN - 15 BAR PUMPS

Recommended for use in small distribution systems with no simultaneous outlets although several reels in the system can be served.

561200 220 V - 780 W - 13 ltr/min - 15 bar pumps
561201 380 V - 780 W - 13 ltr/min - 15 bar pumps

780 W - 10 LTR/MIN - 24 BAR PUMPS

Recommended for use in medium distribution systems with no simultaneous outlets although several reels in the system can be served.

561300 220 V - 780 W - 10 ltr/min - 24 bar pumps
561301 380 V - 780 W - 10 ltr/min - 24 bar pumps
